KIGALI CITY: HALF-DAY TOURS

MUSEUMS AND MEMORIALS

CAMP KIGALI: BELGIAN MEMORIAL

A small museum in Kigali City lies at the site of the massacre of 10 Belgian UN Blue Berets. At the onset of Genocide under the command of General Dallaire, they were deployed to guard the house of the then Prime Minister Agatha Uwilingiyimana. When the genocide began, Presidential Guard soldiers invaded the home, disarmed the Belgians and transported them to Camp Kigali where they killed them. The ten stone pillars memorialize the ten soldiers killed.

GENOCIDE MEMORIAL - GISOZI

The people of Rwanda embrace peace and reconciliation. They are committed to fight the ideology of genocide. The memorials found throughout the country are moving testimonies in memory of the 1994 Genocide against the Tutsi. Inaugurated on the 10th anniversary of the Rwandan genocide, the Kigali Genocide Memorial is where 259,000 victims have been buried. This memorial also serves to educate about genocide in the 20th Century.

PRESIDENTIAL PALACE

The Presidential Palace, residence of the former president of Rwanda, President J. Habyarimana is now a museum that gives an overview of Rwanda's history and a visit to the remains of the Falcon 60 presidential jet that are housed in a walled garden on the property.

VISION CITY

Located in Kigali's uptown neighbourhood of Gaculiro only 6 kms from downtown, Vision City is a creation of futuristic neighbourhoods catering to the modern needs of homebuyers. This tour showcases Kigali's newest state-of-the-art housing development, with unobstructed views of the beautiful rolling hills of Kigali, including parks, luxury villas, town houses and modern apartments. The City is envisioned to have a total of 4,500 housing units which will be completed in four phases with the first phase nearing completion.

In addition to residential housing, the city has a town centre that will serve as the commercial hub for residents with Wi-fi connectivity, commercial and retail facilities, and a three-star hotel.

RWANDA-FULL & MULTIPLE DAY TOURS

Your Tour Operator can tailor-make a full or multiple day/overnight tour taking in a combination of any of the following attractions:

Notes: Some of these, particularly Nyungwe National Park, can only be done as overnight / two night packages. Keep in mind that all of Rwanda observes Umuganda (community service) on the last Saturday of every month. During the hours of 8-12 there is no driving and shops are not open. Some tourist activities are allowed. There are projects to be found in which you can participate.

Please be aware that Gorilla and Chimpanzee permits have a limited number so it is advised to plan well in advance.

BIRD WATCHING EXCURSIONS

Rwanda has one of the highest bird counts on the continent with over 700 species including almost 30 known as Albertine Rift Endemic. Early morning bird watching excursions can be arranged at Nyarutarama Lake bordering the Golf Course in Kigali. Further afield as a half-day or full day option is the Rugezi marshland. The site hosts rare and endemic species for example Grauer's Rush Warbler and the highest population of the Grey Crowned Crane of Rwanda. Another half day excursion can be to Akanyaru and Nyabarongo wetlands, two sites declared Important Birding Areas by Birdlife International.

At the Murago wetland and lakes of Bugesera you may be lucky to spot interesting species such as the Lesser Jacana and Purple Swamphen.

All three of the national parks are important for a serious bird expedition - Volcanoes NP boasts 165 species with 17 endemic; Nyungwe NP 310 species with 26 endemic and Akagera NP over 525 species and home to the elusive Shoebill Stork.

COMMUNITY BASED, CULTURAL AND RELIGIOUS TOURS

IBY'IWACU CULTURAL VILLAGE

Located in Musanze, this village shows some aspects of Rwanda's ancient ways and supports the local community some of whom were once poachers. Here you will see a traditional healer, a black smith; grind sorghum, shoot arrows after being greeted by traditional Intore dancers and drummers.

A DAY IN THE LIFE OF AN ARTISAN

The Azizi Life Experience begins in Muhanga district an hour from Kigali. With an interpreter you will experience daily village life with the community partaking in activities such as: collecting water, cutting grass, basket weaving, making bricks, traditional building, banana juice making and traditional drumming and dancing. Lunch is a simple local meal with your host family and the day finishes at the Azizi Life office, with a chance to browse through the beautiful crafts made by Azizi Life artisans and do a little fair trade shopping.

CULTURAL HERITAGE CORRIDOR

The Cultural Heritage Corridor in the Southern Province showcases a number of Rwanda's important cultural and historical sites for example:

- King Mutara III Rudahigwa's 1931 Royal Palace museum, standing today as it did when the King was in residence along with the 'Inyambo', traditional Rwandan cows known for their impressive long horns.

- Ethnographic Museum in Huye houses one of Africa's finest collections of pre and postcolonial ethnographic, artistic and archaeological displays.
- Rwesero Art Museum, King Rudahigwa III's modern palace, now displays contemporary Rwandan artwork and serves as the National Art Gallery.

RELIGIOUS TOURS

Rwanda is rich with remarkable religious sites and attractions some of which are:

- Sanctuaire Notre-Dame de Kibeho is the only Shrine in Africa officially approved in 2001, it is a place of pilgrimage and apparitions.
- Divine Mercy Statue, Jesus: the famous Mexican sculptor, Gogy Farias, created this incredible statue in bronze, 16ft tall and weighing 2 tons it was brought to Rwanda by the Marian Fathers in 2004.
- Butare Cathedral was a gift from the Belgian King Albert and Queen Astrid. It was completed in 1937 and is the largest cathedral in Rwanda.
- Nyanza Christ the King Catholic Parish built in 1935 is one of Rwanda's oldest churches and where King Rudahigwa was baptized.
- Cathedral Basilica of Our Lady in Kabgayi was consecrated in April 1923. There are some great examples of colonial-era architecture in Kabgayi.
- Save, the oldest church constructed by the first missionaries in 1905.

LAKE KIVU SURROUNDS

RUBAVU

Visit the beaches, 1918 First World War Graves, tours of Bralirwa Brewery, and enjoy sundowners on the lake's shores and traditional night fishing experiences with local fisherman.

Drive part of the spectacular Congo Nile trail, bird watch in Gishwati Forest, visit Rosamond Carr / Imbabazi flower farm, go caving, take a Batwa community Dancing Pots tour, or a city tour of Gisenyi (Congo border posts and market, Poupeé de Atelier, Ubumwe Disabled Community Centre).

FROM CROP TO CUP TEA AND COFFEE EXPERIENCES

Some of the world's best tea and coffee are grown in Rwanda; the high mountains, cool climate and rich volcanic soil result in award winning quality products. Experience growing and production processes - from the nursery to plantations, pruning, picking, washing, drying and the many steps in-between to finally (in the case of coffee) roasting. Finish off with a tea or coffee tasting experience. Note: These tours are seasonal - the best time to visit being May to August, with harvesting time for coffee in the rainy season (March - May).

KARONGI

Karongi offers beaches, islands and crystal clear water. Boating, tea and coffee plantations, the Kibuye Power Plant (methane gas is extracted from the lake), Bisesero Genocide Memorial, Congo Nile Parish Catholic Church Rutsiro (where the first Rwandan bishop was based), night fishing, Napoleon's Island with a colony of fruit bats and birds, Amahoro Island restaurant - just some of the delights found in and near this small resort town.

NATIONAL PARKS

VOLCANOES NATIONAL PARK NORTHERN PROVINCE

MOUNTAIN GORILLA / GOLDEN MONKEY TRACKING / HIKING TRAILS

Enjoy big game viewing as well as one of the best bird-watching sites in Rwanda. You may also enjoy a boat ride to see bird island and a large Nile crocodile, or an evening game drive.

NYUNGWE NATIONAL PARK WESTERN PROVINCE

Within the Great Rift Valley lies Nyungwe Forest, acclaimed for its biodiversity and endemic species richness.
